Purpose of Change:

To enable MagnaChip and Lapis as dual source wafer fabrication sites

Description of Change:

MagnaChip closed their 150 mm wafer CMOS fab in South Korea at the end of 2015. To ensure there is no disruption to supply, we have been working to transfer products from MagnaChip fab to Lapis fab in Japan. Magnachip and Lapis are qualified Peregrine fabs.

Lapis PE43713 material has been qualified with no change to form, fit, function or reliability.

Beginning November 1st, 2017, the PE43713 shipped to customers will be supplied from either MagnaChip or Lapis wafers.

Ordering code changes:

(Original) MagnaChip ordering codes: PE43713A-Z, EK43713-02

(New) Lapis ordering codes: PE43713B-Z, EK43713-03

For more information, please contact PCN@psemi.com.
